ABOUT ME

Accessibility at XBOX with 8 years of tech industry experience in accessibility, technical production, and full-stack development. Specific interest in creative and innovative solutions in technology, accessibility and frictionless user experiences.

WORK EXPERIENCE

Accessibility Quality Engineer

Multiple global projects

XBOX Studios Quality | 08/2024 – present

Central accessibility program support for the XBOX portfolio, including XBOX Game Studios, Activision Blizzard King, ZeniMax Media, and XBOX Publishing.

- Accessibility test planning, accessibility consultation, and accessibility compliance support for studios.
- Subject matter expertise in CVAA compliance, internal requirements aligned with WCAG, and internal photosensitivity policy.
- Manage relationships with studios and cross-functional teams to align priorities and drive accessibility goals throughout the development cycle.
- Collaborate with XBOX Research and Gaming For Everyone to manage the XBOX Studios Accessibility Program.
- Improve player experiences and reduce development costs through consistent program engagement, providing prioritisation tools, and early accessibility planning support.

Associate Technical Producer

Project under NDA

Media Molecule | 10/2022 – 07/2024

Producer for the Game Technology teams (Graphics, UI/UX, Tools).

- Sprint planning, execution and review for several multi-disciplinary teams to help align milestone work to creative vision.
- Collaborate with Leadership Team to prioritise, scope and schedule milestone work to manage risk and meet critical deadlines.

Accessibility Champions Co-Founder

Accessibility Champions

Media Molecule | 03/2022 – 07/2024

- Liaise with Leadership Team to embed accessibility in internal processes.
- Facilitate cross-team and cross-studio collaboration.
- Organise studio-wide accessibility awareness and training days.
- Deliver regular presentations to provide updates for the group's priorities.

Game Systems Programmer

Dreams Server Migration | Project under NDA

Media Molecule | 06/2021 – 10/2022

Junior UI/UX Programmer

Dreams | Dreams VR Release

Media Molecule | 06/2019 – 06/2021
